Re: Disposition of Mayer Forfeiture Proceeds

Dear Mayor Johnston and Council Members:

Enclosed you will find a bill of sale for the 1972 Chevrolet pick-up that has been signed by me as representative for Union County. Thus we have satisfied our end of the agreement which was to transfer ownership of the pick-up to you in complete satisfaction for any claim you may have to property seized from Charles Mayer or his wife as a result of the successful drug raid staged last March. Given the value of this high performance pick-up which is between \$5,000 and \$10,000, it is my understanding that you will not be seeking reimbursement for investigative expenses incurred by your police department in the Charles Mayer investigation.

It was also my understanding that in further consideration for transfer of the pick-up, Union County and the City of Elgin would negotiate a joint resolution for disposition of all property seized in Elgin in drug cases. Has the City Council approved the joint resolution I presented at your June 11, 1985 meeting? If you have any questions or concerns regarding this joint resolution, please advise.

It is my belief that the Union County Forfeiture Ordinance is an effective means for punishing and deterring drug dealers and for uniting local law enforcement agencies in our attempt to deal with the drug problem as it exists in this county.

I look forward to working with you and your police department in the future.

Sincerely,

RUSSELL B. WEST
District Attorney

Judge Earle Misener
Union County Court House
La Grande, Oregon, 97850

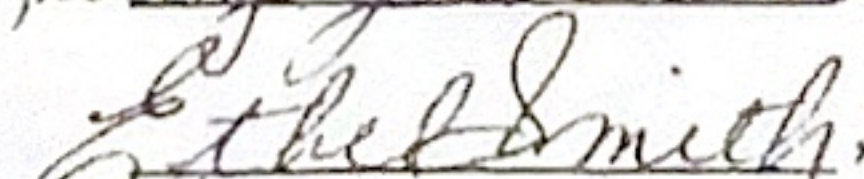

Dear Judge Misener:

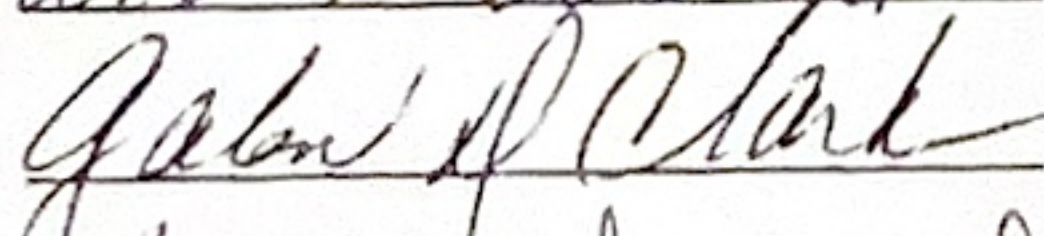

This letter to you is in reference to the property seized as a result of the Charles Robert Mayer drug bust, and the subsequent arrest of Mayer. Representatives of the City of Elgin attended the meeting held by the Union County Court on April 17, 1985. They left that meeting with the feeling they had been wronged in the decision reached by the Court. The drug bust, the arrest of Mayer, and the forfeiture was made possible only by the many hours of investigation put in by the Elgin Police Department. The City of Elgin agrees the new forfeiture Ordinance submitted by the District Attorney's Office may prove to be an asset to law enforcement and a deterrent to illegal drugs and gambling. However, that Ordinance was not in effect at the time of the Mayer forfeiture, so why make this particular forfeiture retroactive? We in the City feel very strongly that the Mayer forfeiture should be distributed evenly between the agencies involved, those being the City of Elgin, Oregon State Police, and the Union County Sheriff's Office. Any future drug bust and future forfeitures comply with the new County Ordinance. There will probably not be another drug bust of this magnitude in this part of the State, the Mayer bust being the largest meth. lab in Oregon history. Therefore, we think it only fair to distribute the proceeds from the Mayer forfeiture among the agencies involved and let those agencies use the proceeds as they determine to be in their best interests.

WE, THE UNDERSIGNED, hereby wish to express our displeasure with Union County in keeping all of the proceeds from the Mayer drug bust. We feel it only fair to split the proceeds three ways: 1/3 to Union County, 1/3 to Oregon State Police, and 1/3 to Elgin City Police for these agencies to use as they see fit in law enforcement.
